EVERGREENS

The following evergreens will be available about the middle of April. All are nice finished plants, 3 times transplanted and balled and burlapped. We should have your order early.

JUNIPER — Hetzi — Blue type of Pfitzer. Low spreading form. Sure to succeed. 18-24 inch spread. \$7.90 each.

JUNIPER—Savin—Spreading form, dark green foliage. Seldom over 4 feet high. 15-18 inches, \$7.00 each.

JUNIPER—Colorado Scopulorum—Silvery foliage, close symmetrical upright growth. Very hardy. 2½-3 foot trees, \$8.90 each.

COLORADO BLUE SPRUCE — Good blue or silver color. 2-2½ foot trees, \$11.00 each.

COLORADO GREEN SPRUCE — Our good old native but with green color. 2-2½ foot trees, \$8.00.

ORNAMENTAL TREES

The trees we are listing here have proved to be the most dependable for Northwestern Colorado conditions. The sizes we offer are the best for safe transplanting and quick growth. Plant trees as early in the spring as soil conditions will permit.

GREEN ASH—A very dependable clean growing medium sized tree. Exceptionally good for street planting. 6-8 foot trees \$2.00 each; 3 for \$5.50.

THORNLESS HONEYLOCUST — A fine upright growing tree. We recommend it for general planting. 6-8 foot trees \$2.25 each; 3 for \$6.50. 8-10 foot trees \$3.00; 3 for \$8.50.

SILVER MAPLE—Do not confuse this with Silver Poplar. This is a better tree but harder to start. 6-8 foot trees \$2.10 each; 3 for \$6.00.

RUSSIAN OLIVE—A fast growing, tough small tree with fine textured silver foliage. 5-6 foot trees \$1.75 each; 3 for \$4.95.

SILVER POPLAR — A large spreading tree with large silver leaves, often mistaken for Silver Maple. This is a tough fast growing tree and needs plenty of room, 6-8 foot trees \$1.60 each; 3 for \$4.50.

BOLLEANA POPLAR—A columnar form of Silver Poplar. 5-6 foot trees \$1.45; 3 for \$4.30.

COTTONLESS COTTONWOOD—A quick growing tree and good where moisture conditions are adequate. 6-8 foot trees \$1.60; 3 for \$4.50.

NIOBE WILLOW — This is the hardiest of the weeping willows. It has green to yellow bark and long pendulous branches. 6-8 foot trees \$1.80 each; 3 for \$5.25.

CHINESE ELM—A very fast growing tree which is adapted to rather dry locations and will prove most satisfactory where water can be withheld the latter part of the season. 6-8 foot trees \$1.50 each; 3 for \$4.25. 8-10 foot trees \$2.00 each; 3 for \$5.50.

AMERICAN ELM—One of the best trees. Hardy when well established. \$1.60 each; 3 for \$4.50.

NORWAY MAPLE—Very beautiful tree. A little hard to start, but worth the effort. 6-8 foot trees \$4.25 each; 3 for \$12.00.

HOPA CRAB—A very hardy well shaped tree for lawn or yard. It has crimson buds followed by rose colored flowers and the small red fruit makes wonderful jelly. 4-5 foot trees \$1.50 each; 3 for \$4.25.

RED SILVER CRAB—A beautiful ornamental crab with silver and red cut leaved foliage, crimson flowers, and rich maroon fruit. 4-5 foot trees \$2.10 each; 3 for \$6.00.

TREES with the exception of the Crabs are too large to mail and will be shipped at the purchaser's direction and expense.

LARGE SHRUBS

These shrubs will grow to 6-8 feet or more and are generally not suited for foundation planting. They are best used as individual or background plantings.

FLOWERED ALMOND — Covered very early in spring with deep pink double bloom before the leaves appear. Very desirable. 18-24 inch shrubs \$1.10 each; 3 for \$3.00.

PEKING COTONEASTER — A spreading shrub with fine glossy leaves. Many black berries in fall and winter. 18-24 inch shrubs 65 cents each; 3 for \$1.75.

CARAGANA—Siberian Pea Shrub—A large upright growing shrub with pale green branches and Locust like foliage and small yellow flowers. Good screen or windbreak material where the growing is tough. 3-4 foot shrubs 50 cents each; 3 for \$1.25. 2-3 foot 35 cents; 3 for \$1.00.

HONEYSUCKLE—Tatarian Red—Scarlet bloom in June followed by bright red berries. 18-24 inch 70 cents; 3 for \$2.00. 3-4 foot \$1.00 each; 3 for \$2.75.

NANKING CHERRY — A clean upright growing shrub. Light pink bloom followed by bright red cherries that make excellent jam. 2-3 foot \$1.10 each; 3 for \$3.00.

TAMARIX—Hispida—Blooms bright pink over a long period in the summer. The best Tamarix, not to be compared with the wild form. 18-24 inch plants 60 cents each; 3 for \$1.65.

SNOWBALL — Large round clusters of white flowers in early spring. 18-24 inch shrubs \$1.10 each; 3 for \$3.00.

JAPANESE QUINCE — An attractive shrub bearing bright red flowers in spring, followed by attractive fruits. Try it. 70 cents each.

MOCK ORANGE—Coronarius—Hardy. Tall growing shrub. Fragrant flowers in June. 70 cents each.

SMALL SHRUBS

These shrubs are generally suitable for planting close to the house and where space is limited. They should be planted in front of larger growing kinds in borders.

JAPANESE BARBERRY — A very hardy shrub with small foliage that turns red in the fall. The red berries persist all winter. 18-24 inch shrubs 50 cents each; 3 for \$1.35.

RED LEAF BARBERRY — Similar to the above except that the foliage is bronzy red all summer and persists longer in the fall. 18-24 inch shrubs 75 cents each; 3 for \$2.10.

VAN HOUTTE SPIREA—Our most popular shrub due to its masses of white bloom in early spring. 18-24 inch shrubs 35 cents each; 3 for \$1.00.

SPIREA, FROBELI—Dwarf shrub, very hardy. Dark rose flower clusters in July and August. 60 cents each; 3 for \$1.65.

SPIREA THUNBERG — Feathery foliage, pure white flowers, blooms early. 18-24 inch shrubs 60 cents; 3 for \$1.65.

SNOWBERRY — A graceful shrub with attractive large white fruits in fall. Will withstand partial shade. 18-24 inch shrubs 50 cents; 3 for \$1.35.

CORALBERRY — Similar to Snowberry but the fruits are coral pink. Also resistant to shade. 12-15 inch shrubs 35 cents each; 3 for \$1.00.

CISTENA PLUM—A dwarf purple leaved Plum. 18-24 inch shrubs \$1.10 each; 3 for \$3.00.

BUDDLEIA—Dubonnet—A new dark wine colored Butterfly bush with large spikes and flowers of good size. Try it in a sheltered location. 70 cents each.

Everything in this catalog is subject to sales tax

LILAC

No shrub gives as good account of itself in this climate as the various species and varieties of Lilac we list here. They are all truly hardy and are not bothered with pests.

COMMON PURPLE—The old familiar reliable. 18-24 inch shrubs 85 cents each; 3 for \$2.40.

COMMON WHITE — The same characteristics as above except for color. 18-24 inch shrubs 95 cents; 3 for \$2.70.

ROTHMOGENSIS—The very popular and graceful Chinese Lilac. The flowers are a nice lilac shade on long pannicles. 18-24 inch 85 cents; 3 for \$2.40.

CHARLES X—A French Hybrid Lilac with violet to red blossoms. 18-24 inch shrubs \$1.20 each; 3 for \$3.50.

HEDGE

CARAGANA — Siberian Pea Shrub — A good tough hedge that will take a lot of punishment. 2-3 foot, 10 for \$2.00; 50 for \$9.00.

BUCKTHORN — A very hardy native shrub that makes a nice dark green hedge resembling privet. 18-24 inch plants 10 for \$2.00; 50 for \$9.00.

SEEDLING HONEYSUCKLE—Good hedge material. 18-24 inch 10 for \$2.00; 50 for \$9.00.

MULTIFLORA JAPONICA — The new wild rose animal tight hedge fence. Should be tried wherever a tight thick hedge is needed. 10 for \$1.25; 50 for \$6.00.

VINES

ENGELMANN CREEPER—Self-clinging woodbine. Very hardy with five-lobed leaves turning brilliant crimson in fall. No. 1 grade plants 50 cents each; 3 for \$1.35.

GOLDFLAME HONEYSUCKLE — It is literally just that. Blooms all summer, on a trellis or as a ground cover. No. 1 plants 85 cents each; 3 for \$2.40.

ROSES

Our roses are all Northern California grown, Number 1 in size. We have selected these varieties as being the best in each color and most likely to succeed. You can have roses if given the proper care.

EVERBLOOMING HYBRID TEAS

JOANNA HILL—Beautiful golden buff.

POINSETTIA—Bright scarlet. Fragrant.

E. G. HILL—Large blooms. Deep velvety maroon.

McCREEDY'S IVORY—Soft delicate creamy white.

BRIARCLIFF—Good dependable silvery rose-pink.

EDITOR McFARLAND—Brilliant pink with shape-ly buds.

PRESIDENT HERBERT HOOVER — Cerise toned yellow, orange, and scarlet.

DUQUESA de PENARANDA—Apricot-orange to dark pink.

FLORIBUNDAS

FLORADORA — Many flowered scarlet. Blooms continuously.

POULSEN YELLOW — Buds copper, flowers yellow. Fragrant.

RAMBLER

PAUL'S SCARLET — Intense scarlet, vigorous and free flowering.

SHRUB ROSES

AUSTRIAN COPPER—Brilliant orange red flowers inside and yellow outside.

NITIDA — Deep pink single rose. Very hardy. Good shrub.

All roses are No. 1 grade. \$1.05 each; 3 assorted for \$3.00. Add 30 cents for packing of any number of roses and small shrubs.

FREE with every order for trees, shrubs, or fruit-stock our 15 page booklet **HOW TO PLANT**. Complete information on planting, pruning and care of your nursery products.

APPLE

The apples listed are all very hardy and have quality also. It is generally a waste of time and money to plant the varieties popular in more temperate parts of the state. The seasons are so short that the late maturing kinds do not mature fruit properly.

ANOKA—This apple bears very young, about the same season as the Yellow Transparent; the appearance and quality are very good.

YELLOW TRANSPARENT — The most planted early variety in this country. Good.

WEALTHY — The good old standby in this country. Fine for fall and winter use.

EARLY McINTOSH — Similar to good old hardy McIntosh but earlier. Should be tried here.

MINJON — Early bearing fall apple. Nice red color. Developed for the north.

WHITNEY—A large crab with a pleasing sprightly flavor. Very popular as a fall eating and cooking apple.

DOLGO—A nice shaped tree, beautiful in bloom. Bright red fruit, a fine jelly crab.

Any of the above well grown 4 to 4½ foot trees 85 cents; 3 for \$2.40.

PLUM

OPATA — Purplish-red fruit of good quality. Bears early. Very hardy.

WANETA — The best and hardiest of the large plums.

Plums, 4-4½ foot trees, 95 cents each; one each for \$1.80. The two should be planted together to insure polinization.

Add 30 cents for packing and mailing on any number of fruit trees or bushes. All trees and shrubs are pruned for planting when mailed.

CHERRY

ENGLISH MORELLO — Very hardy sour cherry. One of the best. \$1.25; 3 for \$3.65.

SMALL FRUITS

RED LAKE CURRANT — Large red berries in long clusters. No. 1 shrubs 40 cents each; 3 for \$1.10.

ST. REGIS RASPBERRY— The best everbearing raspberry for this climate. Bears crop of fine flavored red fruit in spring and fall. Bears on new wood. No. 1 plants \$1.45 per dozen; 50 for \$4.75.

HANSEN BUSH CHERRY — A small shrub that bears lots of small black cherries. Good fruit and a good shrub. 18-24 inch shrubs 40 cents each; 3 for \$1.10.

CHAMPION GOOSEBERRIES — Fair size berries, easy to pick. No. 1 shrubs 45 cents each; 3 for \$1.25.

GEM EVERBEARING STRAWBERRY — Spring and fall bearing. For best results make a new planting every spring. Discard plantings over two years old. Plant early. 25 for \$1.00; 50 or more at \$3.50 per 100.

BETA GRAPE—Cross between Concord and wild grape. Can be grown with winter protection. 40 cents each; 3 for \$1.10.

FREE with every order for trees, shrubs, or fruit-stock our 15 page booklet **HOW TO PLANT**. Complete information on planting, pruning and care of your nursery products.

Everything in this catalog is subject to sales tax

PERENNIALS

The plants listed in this class are all hardy and easy to grow. They were all grown and wintered in beds out of doors. Dug and packed with a ball of soil. They can be mailed but we do like to have you come and pick them out. Plant about May 1.

CARNATION—Grenadin—Hardy. Large full double flowers. Several colors mixed.

PINKS—Double Scoticus—Very fine. A variety of pleasing colors.

DIANTHUS — Scarlet and Mixed Colors —Free blooming strains on dwarf plants.

COLUMBINE — Crimson Star —Rich crimson with white center. Really good.

COREOPSIS — Sunburst —Long graceful stems. Golden yellow flowers. Nice to cut.

ALYSSUM SAXATILE —Covered with small golden yellow flowers in spring. For rock garden and border.

CERASTIUM — Snow in summer —Creeping habit. White flowers all summer. Rock garden.

CAMPANULA — Carpatica —Wide upright blue bells on slender stems. Blooms all summer. **Rotundifolio —**Scotch blue bell. Small bells on grasslike foliage.

CANTERBURY BELL — Biennial —Both single and cup and saucer type. Mixed colors.

DELPHINIUM — Pacific Giant —Wide range of colors and forms. None better. **Wrexham Strain —**Very large flowers. **Belladonna —**Popular light blue sort. **Bellamosa —**Dark blue.

GAILLARDIA — Portala Hybrids —Brilliant scarlet. Blooms all summer.

GYPSOPHILA — Baby Breath —A favorite for filling bouquets. Can be dried for winter. **Snowflake —**Double white. **Oldhamiana —**Feathery light pink flowers.

STATICE — Latifolia — Can be dried for winter. Blue.

SHASTA DAISY — Giant Double — Very large flowered.

PAINTED DAISY — Many pleasing shades of long stemmed semi-double and double flowers.

HOLLYHOCK — Chaters Double — Best double. Mixed colors.

RUSSELL LUPINS — Very large flowers of unusual colors and combinations.

PENTSTEMON — Native wild flower, erect growing. A fine addition to the Perennial list. We have plants from both blue and white plants.

All PERENNIALS and BIENNIALS listed above, 25 cents each, 3 for 65 cents, \$2.50 per dozen, your selection. Postage and packing 30 cents any number.

ICELAND POPPIES — Bright perennial poppies. White, Orange or Yellow. \$1.50 per dozen.

BLEEDING HEART — The hardy dependable old fashioned kind. 90 cents each.

PEONIES

FELIX CROUSSE — Large double, ruby red. Mid-season.

EDULIS SUPERBA—Clear deep pink.

FESTIVA MAXIMUS—Large white flowers flecked with crimson.

Plant peonies in rich, deeply prepared soil. Cover crowns not over 2 inches. Above three fine varieties 80 cents each, 3 for \$2.25. Postage when mailed alone 25 cents.

PHLOX

Phlox do well in partial shade and require a regular supply of moisture.

DAILY SKETCH — Salmon pink, red eye, large flowers.

BRILLIANT — Large trusses of fiery scarlet.

MARY LOUISE — Pure white, very large florets.

LAVENDER — Nice clean color.

Phlox 35 cents; 3 for \$1.00.

GLADIOLI

Plant about May first in this climate, four inches deep, in good garden soil. We have selected these varieties to give you the widest range of color possible.

FLAMING SWORD—Scarlet. Early. Good size.

VALERIA — New fine red. Produces a beautiful spike.

ETHEL CAVE COLE — New light pink. Heavy spikes.

MARGARET FULTON—Early rose pink.

EARLY ROSE—Very early rich rose.

CHAMGUNY—Tall dark rose bordered silver.

GOLD DUST—Fine spike golden yellow.

MARGARET BEATON—White with orange blotch in throat.

SNOW PRINCESS—Very fine pure white.

MINUET—Best lavender.

KING LEAR—Deep reddish purple.

All No. 1 size bulbs, 3 of a variety marked for 25 cents; 90 cents per dozen; 25 for \$1.75.

FINE MIXED—Some of all of the above and other varieties, No. 1 bulbs, 25 for \$1.49. Add 25 cents packing and mailing any number. Sales tax added.

PANSY PLANTS

We have a large planting of pansies and violas that were starting to bloom before the snow came. They should be in fine shape for early planting.

SWISS GIANTS — Large well rounded flowers of good substance on sturdy plants. The colors are very rich. Good outdoor grown plants that do not wilt when transplanted.

VIOLAS — Miniature pansies. Bright colors, bloom through the hot weather. Same price as pansies.

Pansy and Viola plants 85 cents per dozen; 30 cents packing and mailing on any number.

FLOWER POTS

We have a full stock of nice smooth red clay pots for your house plants. By mail, not prepaid, at your risk.

2½ inch	5c
3 inch with saucer	2 for 25c
4 inch with saucer	20c

ANNUAL FLOWERING PLANTS

All of these plants are grown from seed and transplanted into flats. They can be mailed but more soil can be given with the plant when called for. Ready to set out May 20 to June 15.

ASTERS—Princess—Crested or cushioned centers. Bloom very early, wonderful for cutting. Our own blend of several colors.

ASTERS—Royals and Early Branching Types — Good full double flowers in midseason. Six colors properly blended.

CALENDULA—Our own selection of better new varieties. Bloom early and all summer.

COSMOS — Sensation — Very large flowers and early. Mixed colors.

SWEET ALYSSUM — Dwarf White and Violet separate. Nice for edging.

GODETIA — Kelvedon Glory — Glowing salmon-orange. Will do best in rather poor soil. Moist cool conditions best.

SNAPDRAGON — Tetraploid or "Tetra Snaps" — We think that this is the most satisfactory class for outdoor planting. Very husky vigorous plants with a large range of wonderful colors.

STOCKS—California Giants—Mixed colors. Fine for beds or cutting.

MARIGOLD—Spry—Blooms very early and all summer. Orange and maroon flowers. Fine edging plant. Dwarf.

MARIGOLD — All Double Orange — New tall large flowering variety.

SCABOSIA — Pin cushion plant. Nice flowers to cut. Mixed colors.

VERBENA — Donnebrog — Bright scarlet with white eye. Good for window box or border.

ZINNIA — Peppermint Stick — New. Medium sized flowers. Many bright combinations of striped flowers.

NASTURTIUM — Double Dwarf — Mixed. Double Tall—Mixed. Sold in plant bands only. Not mailable. 1 dozen flat 90 cents.

SWEET PEAS — Our own balanced mixture of Summer Flowering varieties planted in bands. 1 dozen flat containing 20 or more plants 90 cents. Plant out about May 1st in 10 feet of row.

All of the above ANNUALS except where noted, 60 cents per dozen, 4 dozen or more at 45 cents, assorted 6 or more of a kind. Postage and packing 25 cents on any number.

PETUNIA

BALCONY — A very popular type of petunias for beds and window boxes. Many colors. 60 cents per dozen.

FIRE CHIEF — Last year's gold medal winner. Brilliant scarlet. Nice compact plant. 60 cents per dozen.

SNOWBALL — New. Fine pure white. Good to plant with Fire Chief and Winsome. 60 cents per dozen.

WINSOME—Soft rose pink. 60 cents per dozen.

FLUFFY RUFFLES — Fringed and ruffled. Rich gaudy colors of immense size. 60 cents per dozen.

DOUBLE — Glorious — A formula mixture of the finest all double petunias obtainable. Flowers very large. 75 cents per dozen.

PLANTS IN BANDS

We are transplanting many of our annuals into 2 inch bands, 12 to the flat. Shifting these plants to permanent beds will result in very little set back and loss. 30 cents per flat more than the dozen price. These plants are not mailable.

TOMATO PLANTS

All tomato plants are transplanted in specially prepared hot beds and handled to secure the greatest possible root growth and hardiness.

Set plants very deep, four inches of top is generally all that is desirable to leave above ground. The very long plants that you get later in the season should be laid lengthwise with the furrow.

VICTOR—Small vine or determinate variety, developed for Northern States and Mountain areas. Very early, fair sized scarlet fruit. Can be planted closer than older varieties. This variety bore us more ripe tomatoes than any we have ever tested.

EARLEANA—Earlier and better than most of the so-called extra early tomatoes.

JOHN BAER — 95 days — Early, smooth, solid, red tomato. A few days later than Earleana. One of the best.

35 cents per dozen; \$1.25 for 50; \$2.40 per 100.

PEPPERS

Plant peppers in rich well drained soil for best results. There are no better varieties grown than the ones we offer here.

WINDSOR "A"—Good size with thick walls. Very early. The best where the season is short.

CALIFORNIA WONDER—Low Bush—This is the most beautiful pepper that we have ever seen. Great big square thick walled fruit of the best quality. It is early.

HUNGARIAN HOT — Large early hot pepper. Yellow turning to red.

35 cents per dozen, \$1.25 for 50, \$2.40 per 100.

NOTE—Mailing charge on all vegetable plants is just 25 cents if all can be mailed at one time. This gives very cheap mailing on larger orders.

CAULIFLOWER

EARLY SNOWBALL — Large solid white heads. The plant has sufficient leaves to cover head when tied up.

Well hardened plants, 20c dozen; 35c for 25; \$1.25 per 100.

BROCCOLI — Sometimes called green cauliflower. Grow same as cauliflower except that heads need not be covered. Rich in vitamins. Price same as cauliflower.

CABBAGE

Our cabbage plants are grown in cold frames and are as near frost proof as we can make them. Plants from May 1st until July.

GOLDEN ACRE—70 days—Very early round heads weighing from four to six pounds. Quality the very best. Plant is dwarf and can be planted close.

GLORY OF ENKHUIZEN—90 days—Second early heads of unusual size and quality. The variety is a favorite wherever tried. It is used in the high country for winter storage. The best for kraut.

PENN STATE BALLHEAD — 110 days — An improved strain of Short-Stem Ballhead. The hardest and surest-heading cabbage we have ever grown.

Cabbage for winter use should not be planted too early. In the lower altitudes June 1 to 15 will be found about right. In the mountains plant early and second early varieties about the same time.

All cabbage plants, 25 for 30 cents; 50 or more, \$1.00 per 100.

We suggest for a longer season of use that you do not plant all cabbage and cauliflower at one time. Put out some plants early in May and again about June first.

Everything in this catalog is subject to sales tax

EGG PLANT

NEW HAMPSHIRE HYBRID—A very hardy early variety of fair size and quality. Transplanted plants 50 cents per dozen.

ASPARAGUS

Martha Washington—The best variety for all purposes. Good 2 year roots 60 cents per dozen; 50 or more at \$3.90 per 100. The average family should have not less than 50 plants for a worthwhile bed. Allow 30 cents postage any number.

RHUBARB

Large red heavy yielding variety. Rhubarb needs very rich soil and plenty of water all season. Good divisions 2 for 35 cents, 6 for \$1.00. Add 30 cents postage any number.

ONION PLANTS

Grown in Texas for northern planters. For best results should be planted early. 50 to 100 in a bunch. **Crystal Wax, Yellow Bermuda, Sweet Spanish.** 20c per bunch; 6 bunches for \$1.00. Add 25 cents for postage any number.

ONION SETS

White or yellow, 30 cents per pound. Add postage 25c for any amount.

HOT KAPS

Hot Kaps have come into general use for protection of tender crops. Especially valuable to protect tomato and pepper plants until danger of frost is over. Seed of cucumber and other vine crops can be hastened and protected by placing at time of planting. Twenty-five **Germanco Hot Kaps** with card board setter and instructions, 95 cents; 100 for \$3.00. Add 20c postage for 25 and 25 cents for 100.

SWEET PEAS .

For best results with sweet peas, plant in good garden soil well and deeply prepared. A slight trench is desirable so that soil can be worked toward the plants as they grow. Frequent hoeing and a regular supply of water is necessary. Plant as early as possible. Pick blooms often. Four packages or one ounce of seed is sufficient to plant 25 feet of row.

We have selected the best varieties of Giant Spencers to give you a nice range of colors.

GIGANTIC—White—Many large flowers at one time.

FLUFFY RUFFLES—Cream pink—Giant flowers.

PINKIE—The best clear pink.

RUFFLED CRIMSON—Rich crimson.

WARRIOR—Chocolate maroon.

AMBITION—Lavender—Long stems.

FLAGSHIP—Clear deep blue.

TANGERINE—Glowing orange.

YOUTH—Pink—Picotee edge on white.

MIXED — Some of all of the above and other varieties.

All of the above Best Spencers. 10 cents per package, 30 cents per ounce. 1 package 9 colors 80 cents postpaid.

SWEET PEAS IN POTS — For early bloom, try some of these. Two or three plants to the pot. Plant out about May 1st. 90 cents per dozen pots. One dozen pots will plant a ten foot row. **NOT AVAILABLE.**

VIGORO

A complete fertilizer for general garden and lawn use. Also good for house plants. Apply at the rate of 4 lbs. per 100 sq. ft. broadcast or 1 lb. per 50 ft. of row side dressing. A one lb. package will last the average house plant gardener over a year. 1 lb. package 15c; 5 lbs. 50c; 10 lbs. 90c; 25 lbs. \$1.90; 100 lbs. \$5.50. Prices subject to change.

GARDEN SEED

The varieties we offer are the ones we use in our own garden. Some are new, many are old standbys. All are early and adapted to our very short season. We use these varieties to freeze and can. There are none better.

Stringless Green Pod and Pencil Pod Wax Beans are both early, entirely stringless, and can and freeze good.

Spancross Hybrid Corn is ten days earlier than Golden Bantam and good for any purpose. **Mar-cross** is another hybrid variety ripening just a few days later and of the highest quality. Both freeze good.

Laxton Progress Peas cannot be excelled for earliness, quality and yield. Large wrinkled variety. Freeze good.

Early Wonder Beet cans with good color and flavor.

Cauliflower — Snowball — We use only the best strains of seed, insuring a maximum of good solid white heads.

Black Diamond Cucumber — A very early white spine variety.

Pumpkin—Cheyenne Bush—A pumpkin that takes up very little space in the home garden and produces small fruits of good quality.

Kohl Rabi — A vegetable that should be better known. Can be cooked or used raw in salads. Grow same as turnip and thin to six or eight inches.

Ruta Baga—They grow to perfection in mountain gardens.

Chinese Cabbage — Should not be planted until July. Best used like celery.

Squash—Zucchini—Very early bush variety. Can be used when only a few inches long and when mature. **Acorn** is the earliest winter squash.

Buttercup — Yellow meated small squash. Very early and as good quality as Hubbard.

Watermelon—New Hampshire Midget—New, very early. Try it.

HOW TO BUILD A LAWN

Very early spring or early fall are the best times to start a lawn.

Considerable fills or ditches should be settled thoroughly and the necessary grading done. Then all the soil should be stirred to a uniform depth of ten or more inches. Wherever possible the natural top soil should be used. The next step is to incorporate a good layer of well rotted manure with the top five inches of the soil. This top layer is the seed bed and should be pulverized carefully and the finishing touches put on the grading. Thorough preparation will pay off in a better stand of grass and in a lawn that is both beautiful and easy to care for.

Seed should be distributed evenly. One pound of good seed will sow 400 or more square feet. Mulch with one half inch of straw or better a light covering of fine manure free from weed seed. If manure is not used the seed should be raked in lightly.

After watering is started the ground should never be allowed to dry until grass is well started. A good sprayer that will cover evenly without washing is necessary to do a good job. Mowing should start when grass is two inches high.

Of course good seed will be necessary for success.

LAWN GRASS SEED

Our own mixture of high grade seed best adapted to this climate. No cheap coarse grasses. The right amount of White Clover. One pound \$1.00, 5 pounds or more at 95c. Add postage at parcel post rates. White Clover, \$1.20 per pound.
